MANAGER'S REPORT

Blawnox, Pa., Deceml

TO THE HONORABLE BOARD OF MANAGERS
ALLEGHENY PRISONS, PITTSBURGH, PA.:

Gentlemen:—

We herewith respectfully submit the Fifty-Fourth
Report of the Allegheny County Workhouse, together with
special reports of the Superintendent, Chaplain, Prison
Farmer, for the year ending December 31, 1923.

Respectfully,

JOHN A. BELMONT

W. J. ZAHNISER, Secretary.

SUPERINTENDENT'S
REPORT
1923

SUPERINTENDENT'S REPORT

Blawnox, Pa., December 31, 1923.

TO THE HONORABLE BOARD OF MANAGERS OF THE
ALLEGHENY COUNTY WORKHOUSE AND INEBRIATE
ASYLUM:

Gentlemen:

I herewith beg to submit the Fifty-fourth Annual Report of the Allegheny County Workhouse and Inebriate Asylum, for the year ending December 31, 1923.

Attached hereto and made a part of the report, are the financial exhibit, operations of the industrial departments, statistical tables, reports from the chaplain, the medical department and the farm deputy, and you are referred thereto for detailed information.

In connection with the new water reservoirs, we have installed and completed a pressure tank, a water pump operated by an electric motor which supplies the farm buildings with water under sixty pound pressure. This, together with the installation of the electric lights in the barns and other buildings, will very materially reduce any fire hazard in these buildings.

The Female Cell Block is nearing completion and will be ready for occupancy the first of this year. This is an addition to the female wing which is laid out in the dormitory style and was completed last year. This cell block is to be used mainly for those inmates that abuse the privilege of living in the dormitories, and with the hope it will be a sufficient deterrent to prevent any misconduct. It contains thirty-two cells and is of the same general construction as the male cell blocks being lined with white enamel brick. Each cell is supplied with toilet, wash basin, bed seat and table.

I give you below in condensed form the movements of the population for the year, the cash balances on hand, the daily average population, and the average daily cost of each inmate:

Number of prisoners in confinement December 31, 1922.....
 Number of prisoners received from January 1, 1923
 December 31, 1923.....

Discharged by expiration of sentence..... 2
 Discharged by commutation of sentence.....
 Discharged by order of court.....
 Discharged by parole.....
 Escaped without recapture.....
 Died
 Removed to hospital for insane.....

CHAPLAIN'S REPORT

CHAPLAIN'S REPORT

TO THE HONORABLE, THE BOARD OF MANAGERS OF
THE ALLEGHENY COUNTY WORKHOUSE AND
INEBRIATE ASYLUM.

Gentlemen:—

I, hereby submit to you my Tenth Annual Report as Chaplain of the Allegheny County Workhouse and Inebriate Asylum.

The routine work consists of censoring the incoming and outgoing mail; attending to items of personal business for the inmates, in conformity with the rules of the institution and upon grant of special permission; and private conversations with individuals upon subjects pertaining to the moral life; and trying by a kindly interest in them to awaken a new desire for right living. The chaplain occupies a position, not of an officer to enforce discipline, but of a friend and councilor. If the words of appreciation expressed by the inmates from time to time are to be credited, we have reason to believe that our efforts are not in vain in helping many in their determination to lead better lives.

The work of the chaplain may be considered under three general heads: Religious, Educational and Recreational.

RELIGIOUS DEPARTMENT

Every Sunday morning the chaplain delivers a sermon, in which by choice of topic, subject matter and methods of discussion, there is always kept in mind the peculiar needs of the audience, being careful to avoid distinctively sectarian or controversial subjects. Upon request of the individuals, an effort is made to supply each one with literature in which they may be especially interested or that bears upon their particular beliefs. A broad variety of religious literature is distributed every week. A special feature of the Sunday services has been a series of programs of sacred music on Sunday afternoon

which is given by church choirs and individual singers. These services are very much enjoyed by the inmates.

Mrs. H. P. Muteh has given very effieient service in conducting the prison choir. The music of the choir has been a very pleasant feature of the services.

Rev. Father P. M. Boyle has been very faithful in looking after the special interests of the Catholic inmates. Rollo H. McBride of the Parting of the Ways Home has made a number of addresses and presented the work of the home. Representatives of the Salvation Army held a service on Prison Sunday. From time to time other speakers have addressed the inmates.

EDUCATIONAL DEPARTMENT

The school under the direction of the chaplain has done some good work. The library continues to hold a prominent place as an educational factor. There has been gratifying evidence that the inmates are developing a taste for the better class of literature as seen in the fact of a larger distribution of the standard works. Many magazines and other periodicals are distributed.

RECREATIONAL DEPARTMENT

During the summer months the inmates engage in the various athletic sports on Saturday afternoon. On the Fourth of July a special vaudeville program was given by the inmates, and various sports were engaged in. During the winter months a series of moving pictures and concerts were given.

SPECIAL SERVICES

Washington's birthday.....Address by the Rev. P. J. Slonaker.
Memorial day.....Address by the Rev. B. F. Crawford.
Independence dayAddress by the Rev. W. J. Miller.
Thanksgiving day.....Address by the Rev. A. E. Yeager.
Christmas day.....Address by the Rev. W. R. Wigton.

In closing this report, I wish to thank the board of managers, the superintendent Mr. A. H. Leslie, and the officers for their co-operation in the work of the department.

Respectfully submitted,

WM. M. BUZZA,

Chaplain.

PHYSICIAN'S REPORT

PHYSICIAN'S REPORT

Blawnox, Pa., December 31, 1923.

TO THE HONORABLE, THE BOARD OF MANAGERS OF
THE ALLEGHENY COUNTY WORKHOUSE AND
INEBRIATE ASYLUM.

Gentlemen :

The following report of the medical department for the year ending December 31, 1923 and recommendations are respectfully submitted.

The general health of our inmates is of the same standard as in other years. We had no epidemics of contagious disease. With the increase in our negro population, we are having also an increase in venereal and tubercular diseases.

The number of drug addicts was less than in any other year of my service.

In our various factories, the common drinking cup is still in use. This is thoroughly unsanitary and should be replaced by the fountain. In other shops the old time wooden closet is in use. These should be replaced by more modern equipment. If impossible to make these improvements now, they should be in mind when the contemplated new factories are constructed.

The following tables and statistics are submitted as a part of this report.

WORKHOUSE FARM BUILDINGS

FARM REPORT

December 31, 1923.

Mr. A. H. Leslie, Supt.:

Dear Sir:—

I hereby submit the following report of the farm for the year ending December 31, 1923.

Excessive rainfall during the entire season prevented us from harvesting hay to any appreciable extent and also hindered the proper cultivation of the crops.

The acreage of the various crops and the yield per acre were as follows:

Early cabbage	$\frac{3}{4}$ acre	16 tons to acre.
Late cabbage	9 acres	7 tons to acre.
Potatoes	35 acres	83 bus. to acre.
Sweet corn	15 acres	78 bus. to acre.
Field corn	62 acres	53 bus. to acre.
Wheat	58 acres	$26\frac{1}{2}$ bus. to acre.
Rye	25 acres	18 bus. to acre.
Oats	32 acres	30 bus. to acre.
Alfalfa	20 acres	$2\frac{1}{2}$ tons to acre.

The livestock on the farm December 31, 1923 was as follows:

16 work horses	20 brood sows
1 stallion	130 hogs
3 colts	101 shoats
34 cows	700 pullets
20 heifers	420 hens
2 heifer calves	60 cockerels
2 boars	19 ducks

To take care of the stock on the farm this year, it took one prisoner per day for every eight stock units.

In the case of the care of the land it took the labor of one prisoner per day for every 14.9 acres of cultivated land.

Fifty-two acres were sown to wheat this fall and twenty-seven acres were sown to rye.

Respectfully submitted,

SAMUEL C. KINCAID,

Farm Mgr.

MANAGER'S REPORT

Blawnox, Pa., December 31, 1924.

TO THE HONORABLE BOARD OF MANAGERS OF THE
ALLEGHENY PRISONS, PITTSBURGH, PA.:—

Gentlemen:—

We herewith respectfully submit the Fifty-fifth Annual Report of the Allegheny County Workhouse, together with the special reports of the Superintendent, Chaplain, Physiclan and Farmer, for the year ending December 31, 1924.

Respectfully,

JOHN A. BELL, President.

W. J. ZAHNISER, Secretary.

SUPERINTENDENT'S
REPORT
1924

SUPERINTENDENT'S REPORT

Blawnox, Pa., December 31, 1924.

TO THE HONORABLE BOARD OF MANAGERS OF THE
ALLEGHENY COUNTY WORKHOUSE AND INEBRIATE
ASYLUM:

Gentlemen:

I herewith beg to submit the Fifty-fifth Annual Report of the Allegheny County Workhouse and Inebriate Asylum, for the year ending December 31, 1924.

Attached hereto and made a part of the report, are the financial exhibit, operations of the industrial departments, statistical tables, reports from the chaplain, the medical department and the farm deputy, and you are referred thereto for detailed information.

Improvements made during the past year briefly are as follows:

To replace the building destroyed by fire March, 1922, used as a blacksmith, horse shoeing, plumbing, machine and tin shops on the first floor, and brush factory and a portion to needed additional room for broom shop.

The work of the above mentioned industries are distributed in various buildings, scattered and inconvenient. The original building was about 40x100 feet, the new building will be 70x100 feet, two story reinforced concrete; first class in every respect, costing, exclusive of prison labor, about \$45,000.

Attached to above described buildings will be an up-to-date incineration plant, capable of taking care of all garbage and waste product, at a cost of about \$4,500. There has also been erected a concrete wall on the river front as a protection to the institution's garden, about 225 feet long and about 18 feet high to the high water and harbor line, estimated cost about \$2,600, exclusive of prison labor. This wall and an additional wall, estimated about 150 feet as a further protection at another portion of the river front are absolutely necessary to protect and prevent the washing away of the river front of the property.

There has also been placed a fire water line from our big water basin a six inch pipe line and circled around the big frame barn adjacent and connecting building with fire plugs attached to the whole, to be operated by an electrically driven pump of sufficient power to throw water to the roof of the highest building.

In addition to the above in compliance with the Board's orders, we have taken down another section of the old shop

built sixty years or more ago. In making this change, a two-fold purpose is served. First, it removes a very dangerous fire hazard and gives much needed additional shop room, sanitary and well lighted.

Also, a constant pressure has been brought to bear to replace our present outgrown, antiquated, out of date hospital with a modern up-to-date hospital. It does seem this matter cannot longer be safely delayed.

The two frame dwellings and frame stable on the old Allegheny City Home property are without any fire protection. We are running a six-inch line from our twelve-inch fire line so as to connect with above mentioned buildings, with fire plugs attached, thereby giving fire protection, thus cutting off the city water tax on the same.

The average daily population was the largest in the history of the institution, to wit: 955. Of this number 79% was employed. The remainder largely was physically or mentally disqualified or unfit for labor of any sort. We are rapidly moving forward to a long term prison.

I give you below in condensed form the movements of the population for the year, the cash balances on hand, the daily average population, and the average daily cost of each inmate:

Number of prisoners in confinement December 31, 1923.....	848

In conclusion I wish to extend my thanks to the Board of Managers, and also to the Officers and Employees, for a very successful year. Without their counsel and hearty co-operation the success attained would have been impossible.

Respectfully submitted,

A. H. LESLIE, Superintendent.

CHAPLAIN'S REPORT

CHAPLAIN'S REPORT

Blawnox, Pa., December 31, 1924.

TO THE HONORABLE, THE BOARD OF MANAGERS OF
THE ALLEGHENY COUNTY WORKHOUSE AND
INEBRIATE ASYLUM.

Gentlemen:—

I hereby submit my Eleventh Annual Report as Chaplain of the Allegheny County Workhouse and Inebriate Asylum.

The nature of the chaplain's work varies very little from year to year—for human nature is ever the same—the problems varying only with the individual. The fact that the average term of the inmates is much longer than formerly, gives a different opportunity for the chaplain to help them. The increased population is reflected in the increased number of incoming and outgoing letters, and papers received—also in the larger number of items of personal business, in which the chaplain is called upon to assist.

The chaplain's work may be considered under the three general heads: Religious, Educational and Recreational.

RELIGIOUS DEPARTMENT

The Sabbath Day services have been held regularly during the year and have been very encouraging, as evidenced by the good attendance of the inmates and the words of appreciation expressed by them from time to time. At the morning service, the chaplain preaches a sermon—at the afternoon service, the International Sunday School Lesson is the subject for discussion. The afternoon service is varied from time to time, by having a visiting speaker or a special program of music suited to the occasion, given by the church choirs and individuals from the various churches of the city.

The changing population of the institution makes it difficult to keep the music at an even standard. In the direction of the choir, Mrs. H. P. Mutch has very ably met this difficult problem. The music of the choir has been of high grade. During the year, an orchestra, organized and directed by the chaplain, has furnished instrumental music of an exceptional quality for the church services and the special entertainment nights, to the delight of all.

The Reverend Father P. M. Boyle very faithfully looked after the special interests of the catholic inmates. Rollo H. McBride, of the Parting of the Ways Home, addressed the inmates and presented his work at stated times during the year.

The Salvation Army held a service on their Prison Sunday.

The re-painting and re-furnishing of the chapel and the addition of a fine new Steinway piano have greatly increased the attractiveness and value of the services.

EDUCATIONAL DEPARTMENT

The school, under the direction of the chaplain, did some efficient work. During the year, the library was augmented by the addition of about one thousand books, in the selection of which, the chaplain spent considerable time and care. A supplementary catalogue of the new books was printed. In addition to the many books delivered from the library shelves, a large number of papers, magazines and religious periodicals were distributed.

The re-painting of the library room has greatly improved its appearance. The inmates, who are assistants in the library, have showed commendable interest in keeping the library clean and the books in order.

In the bindery, a number of new books were bound by a professional book-binder who was an inmate for a short time. The man in the bindery at the present time, though inexperienced in the work, is doing considerable work in repairing the books in circulation.

RECREATIONAL DEPARTMENT

Every two weeks, during the winter months, there was furnished a moving picture, or a musical and literary program. During the summer months, on Saturday afternoon, the inmates engage in athletic sports in the prison yard. On the Fourth of July, a special program consisting of vaudeville and athletic performances was given.

SPECIAL SERVICES

Washington's birthday.....Address by the Rev. J. F. Jose.
Memorial day.....Address by the Rev. W. J. Lowery.
Independence day.....Address by the Rev. G. R. Haden.
Thanksgiving day.....Address by the chaplain
Christmas day.....Address by the Rev. W. R. Wigton

With a due sense of imperfections, we take pride in the work of the various departments.

In closing this report, I wish to thank the board of managers, the superintendent Mr. A. H. Leslie, and the officers for their co-operation in the work of the department.

Respectfully submitted,

WM. M. BUZZA,
Chaplain.

PHYSICIAN'S REPORT
1924

PHYSICIAN'S REPORT

Blawnox, Pa., December 31, 1924.

TO THE HONORABLE, THE BOARD OF MANAGERS OF THE ALLEGHENY COUNTY WORKHOUSE AND INEBRIATE ASYLUM.

Gentlemen :

The following report of the medical department for the year ending December 31, 1924 and recommendations are respectfully submitted.

The general sanitary and hygienic conditions have been the same as in past years. An improvement which can and should be made is the installation of drinking fountains in all the shops. The use of a common cup, as now practiced, is too dangerous and should not be permitted.

To comply with the State requirements, a thorough physical examination of all prisoners received is made and record of defects kept for future use. All luetric patients are given the opportunity of receiving extra venous treatments.

Numerically, our mortality was large. However, when the six sudden deaths and that of one inmate whose time had expired, but was physically unable to leave, are excluded, we had but ten deaths from disease during the year. This in spite of the fact that our daily average was the highest in the history of our institution.

One of the sudden deaths was due to drowning. Five were subject to post mortem examination by the coroner's physician. The causes of these deaths as determined by him will be found in a later part of this report.

At this time I would express my appreciation of the treatment received from your Board, the Superintendent, and Officers.

The following statistics are submitted as a part of this report.

FARM REPORT

Mr. A. H. Leslie, Superintendent of the Allegheny County
Workhouse and Inebriate Asylum,

Dear Sir:—

I hereby submit the following report of the farm for the year ending December 31, 1924.

The cold, wet weather which prevailed during the spring prevented us from getting the crops planted on time. This especially affected the corn and potato crops. The winter wheat was considerably damaged during the winter so that twelve acres of our wheat crop was entirely frozen out and the yield cut down considerably on the remainder of the crop. The field corn was practically a failure, the yield being only 750 bushel whereas the average crop from the same acreage is usually around 3500 bu.

This year we hatched our own chicks, the number of chicks hatched amounting to 2150.

During the year, twenty-one calves were dropped and two colts foaled. The number of pigs farrowed during the year amounted to 151.

We had 126 ⁷/₁₀ acres in cultivated crops and 252 acres in small grains and meadows last year. The number of acres in each crop and the yield per acre was as follows:

Potatoes	37 acres	140 bus. to acre.

SUPERINTENDENT'S
REPORT
1925

SUPERINTENDENT'S REPORT

Blawnox, Pa., December 31st, 1925.

TO THE HONORABLE BOARD OF MANAGERS OF THE
ALLEGHENY COUNTY WORKHOUSE AND INEBRIATE
ASYLUM:

Gentlemen:

I herewith beg to submit the Fifty-sixth Annual Report of the Allegheny County Workhouse and Inebriate Asylum, for the year ending December 31st, 1925

Attached hereto and made part of the report, are the financial exhibit, operations of the industrial departments, statistical tables, reports from the chapain, the medical department and the farm deputy, and you are referred thereto for detailed information.

During the past year the 2nd section of the new Factory Building has been erected, and the excavations for the 3rd section has been completed. If the weather is not too severe we will continue concreteing on the 3rd section, and hope to have the entire building completed before Summer.

The retaining wall at the river is being placed as rapidly as possible, and we hope to complete the work by April, 1926.

The plans, etc., of the new hospital and the necessary enlargement of the prison yard have been approved, and it is planned to push the work as soon as the river wall and new factory building are completed.

While the number of committments were not as large as 1924, the average daily population was 995. The largest previous average daily population was 1924 which was 955.

I give you below in condensed form the movement of the population for the year, the cash balances on hand, the daily average population, and the daily average cost of each inmate:

Number of prisoners in confinement December 31st, 1924.....	1023

Discharged by parole	208
Escaped without recapture	2
Died	9
Removed to hospital for insane.....	7
	3842
Number in confinement December 31st, 1925.....	985

The financial report shows the total receipts, including balance carried over from last year to be.....	\$653,820.24
The total expenditures were.....	502,712.36
Balance on hand December 31st, 1925.....	151,107.88
The earnings from all sources were.....	192,544.29
The daily average population was.....	995 29/365
The daily average cost of each inmate was.....	77.46
The daily average cost of each inmate after deducting earnings was	24.45
The number of days board furnished prisoners during 1925 was	363,204

As a matter of information, we herewith attach a comparative statement showing the commitments of the various offenses for the past seven years.

CHAPLAIN'S REPORT

CHAPLAIN'S REPORT

Blawnox, Pa., December 31, 1925.

TO THE HONORABLE, THE BOARD OF MANAGERS OF
THE ALLEGHENY COUNTY WORKHOUSE AND
INEBRIATE ASYLUM.

Gentlemen:—

I hereby respectfully submit my Twelfth Annual Report as Chaplain of the Allegheny County Workhouse and Inebriate Asylum.

It is only in a general way, that the Chaplain's work can be made the subject of report. The routine work is only a part of the many duties of the chaplain. The real distinctive work of the chaplain, in giving moral and spiritual instruction by his personal touch and conversation, is of necessity hard to make the subject of statistical report. It is the purpose of the chaplain wherever and whenever an opportunity presents itself, to give help and encouragement to the many with whom he comes in contact among the inmates. There are many calls upon his time and energy in giving aid and information upon subjects of particular interest to the individual and in attending to matters of their personal business, when they cannot attend to these matters for themselves. By this personal touch, the chaplain can learn much about the character and needs of the individual.

The chaplain's work may be considered under the three general heads:— Religious, Educational, and Recreational.

RELIGIOUS DEPARTMENT

Considerable time and energy is required upon the part of the chaplain in preparing for and conducting the religious services. Services are held regularly on the Sabbath Day, at 10:30 A. M. at which time, the chaplain preaches a sermon; and at 3:30 P. M. when the service is more informal. At the afternoon service, in addition to the address of the chaplain, a number of musical programs were given by the choir and orchestra. Mrs. H. P. Mutch has been very faithful and efficient in directing the music for the services. The programs were not only a delight to the audience, but also furnished an opportunity for self-expression to those who took part in the services. At stated times, R. H. McBride spoke and presented the work of the Parting of the Ways Home. Father F. J. Wivell has very faithfully looked after the special interests of the Catholic inmates. Members of the Salvation Army held a service on the occasion of their Prison Sunday. The chapel services have been well attended and enjoyed by all. This is specially gratifying in view of the fact that the attendance at chapel is entirely voluntary.

EDUCATIONAL DEPARTMENT

A school has been conducted three nights a week during the fall and winter months, with good attendance and encouraging results.

The Library has been a great educational force. A large number of books on various subjects have been read. The bindery, which is under the supervision of the chaplain, in connection with the library, has been a very busy place and has turned out a large amount of work. During the year, 2,963 books have been repaired and 20 new volumes have been bound. In accomplishing this work, we have been very fortunate in having the services of a professional book-binder who is an inmate of the institution. At the present time we have an inmate assisting in the bindery as an apprentice, who we hope will be able to carry on the work when the present bookbinder leaves the institution. In the near future, we expect to have all the books of the library in good condition.

In connection with the library, during the year, we have distributed thousands of secular and religious papers and magazines.

RECREATIONAL DEPARTMENT

Every two weeks during the fall and winter months, we have had either a Moving Picture or Musical Program. At each of these programs, our own orchestra furnished music to the delight of all. During the season, we were delightfully entertained by the Shriner's Chorus and the Tuesday Musical Society of Pittsburgh. On the Fourth of July, the inmates gave a high grade Vaudeville Performance in the prison yard. Athletic Sports were also a part of the day's program.

SPECIAL SERVICES

Washington's Birthday.....Address by Rev. John W. King
Memorial Day.....Address by Rev. A. G. Curry
Independance Day.....Address by Rev. C. M. Hartung
Thanksgiving Day.....Address by Rev. A. C. Saxman
Christmas Day.....Address by Rev. C. J. Thompson

In connection with the routine work, the chaplain handled thousands of incoming and outgoing letters. During the year, \$10,110.50 in the form of checks, Post Office money orders, and cash was received and credited to the account of the inmates.

In closing this report, I wish to thank the Board of Managers, the Superintendent Mr. A. H. Leslie, and the officers for their co-operation in the work of the department.

Respectfully submitted,

WM. M. BUZZA,
Chaplain.

PHYSICIAN'S REPORT

1925

PHYSICIAN'S REPORT

Blawnox, Pa., December 31st, 1925.

TO THE HONORABLE, THE BOARD OF MANAGERS OF
THE ALLEGHENY COUNTY WORKHOUSE AND
INEBRIATE ASYLUM.

Gentlemen :

The following reports of the Medical Department for the year ending December 31st, 1925 is respectfully submitted.

The sanitary standard of past years has been maintained, there being no epidemic diseases. This year's daily average was the highest in the institution's history. Notwithstanding this and the debilitated condition of many of our inmates when received, our number of deaths was low. It was necessary to remove several of our patients to Pittsburgh hospitals for surgical treatment.

During the year we administered several hundred injections of neosalvarsan. Many of the inmates expressed their gratitude and appreciation. There is now less reluctance about accepting this treatment than when we first instituted it.

The need of our proposed new hospital has been shown many times over this year. It is certainly to be desired that it be early started and rapidly completed.

The unsanitary and dangerous common drinking cup is still in use in the various shops. This should be abolished at once.

Many times the light in the Carpet Factory is so poor the men can scarcely see. This is especially true during the early hours of the Winter days. To overcome this the lights already installed could be connected. Ample provision for ventilation has been made.

The following statistics are submitted as part of my report :—

FARM REPORT

1925

FARM REPORT

Blawnox, Pa., December 31, 1925

Mr. A. H. Leslie, Superintendent of the Allegheny County
Workhouse and Inebriate Asylum,

Dear Sir:—

I hereby submit to you the following report of the farm for the year ending December 31st, 1925.

The entire growing season was very dry but in the early fall we had excessive rainfall. Crops suffered on account of drouth, especially cabbage and potatoes, and on account of the other extreme in the fall we were unable to seed as much land to wheat as we had planned.

The acreage of the various crops and the yield per acre were as follows:

Potatoes	37 acres	145 bu. to the acre
Early cabbage	$\frac{2}{3}$ acre	16 $\frac{1}{2}$ tons to the acre
Late Cabbage	10 acres	4 $\frac{1}{2}$ tons to the acre
Sweet corn	26 acres	102 bu. to the acre
Field corn	49 acres	72 bu. to the acre
Wheat	61 acres	18 $\frac{1}{2}$ bu. to the acre
Barley	21 acres	21 bu. to the acre
Oats	21 acres	42 bu. to the acre
Alfalfa	41 acres	1 $\frac{7}{10}$ tons to the acre
Cow Beets	2 $\frac{1}{2}$ acres	18 tons to the acre
Navy beans	9 acres	9 bu. to the acre
Hay	88 acres	2 tons to the acre
Carrots	$\frac{1}{2}$ acres	200 bu. to the acre

Potatoes have been a difficult crop for us to raise, but with improved seed, more spraying and better methods in general we have been able to improve our yield. The acreage yields of the past years are interesting in that light:

1919.....	62 bu. to the acre	1923.....	83 bu. to the acre
1920.....	65 bu. to the acre	1924.....	140 bu. to the acre
1921.....	99 bu. to the acre	1925.....	145 bu. to the acre
1922.....	100 bu. to the acre		

The past two years we have had individual acres to yield over 300 bu. to the acre.

The livestock on the farm December 31st, was as follows:

Brood sows	10	Heifers	28
Boars	3	Pullets	673
Hogs	27	Hens	443
Shotes	15	Ducks	22
Pigs	10	Bulls	2
Horses	18	Calves	8
Colts	6	Cockerals	65
Cows	22		

In the government accredited herd plan of tuberculin testing our herd of cows passed the tuberculin test this year for the sixth consecutive time without any re-actors. Hog cholera has also been eliminated from our herd of hogs by the use of the simultaneous treatment. We have had no hog cholera since we started treating the hogs with the double treatment seven years ago.

Forty-five acres were seeded to wheat this fall but we were unable to get any rye seeded.

Respectfully submitted,

SAMUEL C. KINCAID,

Farm Mgr.
